

Purpose Area 4 Generation Indigenous Initiative Support

- a. What are the ages of the target population your project serves?
 1. Children (up to age 11)
 2. Youth (12-17)
 3. Young Adult (18-24)
- b. How many potential participants exist in your service area in each age category?
 1. Children (up to age 11)
 2. Youth (12-17)
 3. Young Adult (18-24)
- c. What type of service(s) are currently provided by the project?
 1. Suicide Prevention
 2. Suicide Intervention/Treatment
 3. Suicide Postvention
 4. Substance Use Prevention
 5. Substance Use Treatment
 6. Substance Use Aftercare
 7. Family Engagement
- d. How many total youth encounters did your project have?
- e. List and describe project accomplishments during the current reporting period.
- f. List and describe project challenges to success during the current reporting period.

Objective 1 Implement evidenced-based and practice-based approaches to build resiliency, promote positive development, and increase self-sufficiency behaviors among native youth.

- a. What type(s) of evidence-based practices are currently being used to build resiliency, promote positive development, and increase self-sufficiency?
- b. What type(s) of practice-based practices are currently being used to build resiliency, promote positive development, and increase self-sufficiency?
- c. What type(s) of evidence-based practices are currently being used for suicide prevention?
 1. American Indian Life Skills (AILS)
 2. Applied Suicide Intervention Skills Training (ASIST)
 3. Gatekeeper trainings
 4. Mental Health First Aid (MHFA)
 5. Question Persuade Refer (QPR)
 6. SafeTALK
 7. Other (please describe)
- d. What type(s) of evidence-based practices are currently being used for suicide intervention/treatment?
 1. Attachment-Based Family Therapy
 2. Cognitive Behavioral Therapy (CBT)
 3. Dialectical Behavioral Therapy (DBT)
 4. Matrix Model
 5. Motivational Enhancement Therapy (MET)
 6. Motivational Interviewing (MI)
 7. Guideline/protocol (please specify)
 8. Other (please describe)
- e. What type(s) of evidence-based practice model is currently being used for substance use prevention?
 1. Attachment-Based Family Therapy
 2. Cognitive Behavioral Therapy (CBT)

3. Dialectical Behavioral Therapy (DBT)
 4. Matrix Model
 5. Motivational Enhancement Therapy (MET)
 6. Motivational Interviewing (MI)
 7. Guideline/protocol (please specify)
 8. SMART Moves
 9. Other (please describe)
- f. What type(s) of practice-based model is currently being used for substance use prevention?
 - g. What type(s) of evidence-based model is currently being used for substance use intervention/treatment?
 - h. What type(s) of practice-based practice is currently being used for substance-use intervention/treatment?

Objective 2 Promote family engagement

- a. How does your project define a “family”?
- b. How many trainings has your project implemented:
 1. Positive parenting
 2. Increasing fatherhood/motherhood skills
 3. Caregiver support
 4. Socio-emotional development
 5. Other (please describe)
- c. What types of family engagement activities were offered by your project?
- d. How many family engagement activities did your project implement?
- e. How many total family encounters did your project have?

Objective 3 Increase access to prevention activities for youth to prevent methamphetamine use and other substance use disorders that contribute to suicidal behaviors, in culturally appropriate ways.

- a. How many youth prevention projects did you implement?
- b. Where did you provide the youth prevention projects?
 1. Recreation centers
 2. Schools
 3. Clubs
 4. Community Centers
 5. Boys and Girls Club
 6. Other (please describe)
- c. Does your funding pay for transportation costs or provide transportation for youth to attend events?
- d. What type(s) of cultural services does your project provide?
 1. Dancing
 2. Drumming
 3. Language
 4. Singing
 5. Songs
 6. Story telling
 7. Traditional crafts (e.g., beading, basket weaving, tool making, jewelry)
 8. Traditional games
 9. Equine Therapy
 10. Other (please describe)

11. Link to other provider who provides cultural services
 12. Not applicable
- e. What type of cultural interventions does your project offer from traditional healers?
 1. Ceremonies
 2. Traditional medicine
 3. Smudging
 4. Sessions with medicine man/woman
 5. Sweat/healing lodges
 6. Talking circle
 7. Other (please describe)
 8. Not applicable
 - f. What type(s) of religious, spiritual, and faith-based services does your project provide?
 1. Traditional Practices
 2. Therapy and Counseling
 3. Prayer
 4. Pastoral Care
 5. Spirituality Groups
 6. Clergy or Chaplain Support
 7. Shelter
 8. Transportation
 9. Other (please describe)
 10. Not applicable
 - g. How many individuals received cultural services?
 - h. How many individuals received faith-based services?
 - i. How would you describe the impact of providing cultural services to the individuals reached through your project?
 - j. How would you describe the impact of providing faith-based services to individuals reached through your project?
 - k. Did you refer youth to one of the twelve IHS and tribal Youth Regional Treatment Centers?
 - l. Do you partner with your local Boys and Girls Club?
 1. Yes
 2. No
 3. No club near me
 - m. How many new community partnerships did you create?
 - n. What type(s) of community partners did you implement a Memorandum of Agreement (MOA)/Memorandum of Understanding (MOU) with?
 1. School
 2. Other behavioral health
 3. Court/law enforcement
 4. Other youth program
 5. Clinic/hospital
 6. Other tribal program
 7. Community based organization
 8. Tribal organization
 9. State/county
 10. Other tribe
 11. Other (please describe)
 - o. How many total postings did you make to a social media page that included a suicide and/or substance use prevention and/or intervention message?
 - p. What forms of social media did you use?

- q. How many total radio/TV/billboard ads were created with a suicide and/or substance use prevention and/or intervention message?
- r. How many total encounters did you have through social media?

Objective 4 Hire additional behavioral health staff (i.e., licensed behavioral health providers and paraprofessionals, including but not limited to peer specialists, mental health technicians, and community health aides) specializing in child, adolescent, and family services who will be responsible for implementing project activities that address all of the required objectives listed.

- a. Provide the total number of behavioral health staff hired with your project funds:
 - 1. Licensed Behavioral Health Provider
 - 2. Peer Specialist
 - 3. Mental Health Technician
 - 4. Community Health Aides
 - 5. Behavioral Health Specialist
 - 6. Alcohol/Substance Abuse Counselor
 - 7. Other (please describe)
- b. Provide the number of behavioral health staff currently paid with your project funds:
 - 1. Licensed Behavioral Health Provider
 - 2. Peer Specialist
 - 3. Mental Health Technician
 - 4. Community Health Aide
 - 5. Behavioral Health Specialist
 - 6. Alcohol/Substance Abuse Counselor
 - 7. Other (please describe)

Staffing

- a. Have you been able to recruit, hire, and onboard staff for your MSPI project?
- b. Do you have a full-time coordinator for your program paid by MSPI funds?
- c. If no, what percentage of time is the coordinator paid by MSPI?
- d. Did your MSPI project experience staff turnover?
- e. If yes, which staff have left your project?
- f. Reason for turnover?
- g. How has your project been impacted by other staff changes?
